CPA FIRMS AND SCORE

MAKING A DIFFERENCE

CPA firms and SCORE enjoy reputations as premier advisors to small businesses and potential entrepreneurs. Both continue to **make a difference** to the growth and stability of local communities and the United States' economy!

CPA firms and SCORE continue to work closely in many communities. CPA firms recognize "SCORE - Counselors to America's Small Business", as a significant conduit to clients seeking accounting, tax, attest and consulting services, and as a relationship that can **make a difference**.

CPA firms' relations with SCORE often extend beyond serving the same clients. They recognize that SCORE, by serving as the first provider of services, helps to **make a difference** in preparing these potential clients as viable business and service opportunities.

"My firm has enjoyed an excellent relation with our local SCORE chapter for a number of years. They continue to address a variety of client situations and we have participated with them in client seminars."

CPA FIRMS CAN MAKE A DIFFERENCE!

“CPA’S FOR SCORE”

CPA firms can **make a difference**. In order to increase outreach, workshops and services to potential entrepreneurs and small businesses, especially to female and ethnic minority business owners, SCORE needs your financial support.

This outreach takes many forms including support of SCORE’s 389 chapters, professional development for its 11,000 counselors, increased web counseling capabilities, counseling support material and increased outreach efforts.

CPA firms’ tax deductible contributions to SCORE in the “CPA’s for SCORE” program will support the local SCORE chapter(s) in your area.

Your contributions to SCORE will:

- Strengthen and expand the services of SCORE Chapter(s) operating in your practice area.
- Help support increased SCORE services to more small business owners
- Gain recognition for your firm in SCORE news and promotional releases and the published annual list of “CPA’s for SCORE” seen by SCORE counselors and clients
